

Notice of Completion of a Draft Environmental Impact Report and Notice of Draft Environmental Impact Report Availability

NOTICE OF AVAILABILITY-TIME EXTENSION

By this notice, County of Riverside, as lead agency, is announcing the extension of the public review period from January 19, 2012, to **February 2, 2012**, for the Temecula Valley Wine Country Community Plan Draft Environmental Impact Report No. 524 (EIR No. 524). The Draft EIR No. 524 was released for public review on December 5, 2011.

Project Description: The Temecula Valley Wine Country Community Plan (the “Project”), consists of **General Plan Amendment No. 1077** and **Zoning Ordinance Amendment No. 348.4729**. The Project includes a General Plan Amendment accompanied with Zoning Ordinance Amendment, which will ensure consistency between the General Plan and Zoning Ordinance. The Project proposes a host of revisions to the Southwest Area Plan of the current County General Plan to update existing policies, maps, and implementing directions related to potential implementing projects within the Project area. **Environmental Impact Report No. 524** analyzes the potential environmental impacts associated with the Project.

Project Components:

- 1. GPA No. 1077:** An amendment of the existing **Southwest Area Plan (SWAP)** and other elements of the **General Plan** including, but not be limited to:
 - Deletion of the policies of the Citrus Vineyard and Valle de Los Caballos Policy Areas and the addition of the Temecula Valley Wine Country Policy Area;
 - Revisions to the SWAP Statistical Summary. Table 2;
 - Deletion of the boundaries of the Citrus Vineyard and Valle de Los Caballos Policy Areas and addition of the boundary of the Temecula Valley Wine Country Policy Area;
 - Revisions to the Circulation Network (SWAP Figure 7);
 - Revisions to the Trails and Bikeway Systems map (SWAP Figure 8);
 - Revisions to the General Plan Circulation Element Circulation Network (Figure C-1);
 - Revisions to the General Plan Circulation Element Trails Network (Figure C-7); and
 - Amendments to any other portions of the General Plan reflecting changes arising from the Proposed SWAP amendments.
- 2. Ordinance Amendment No. 348.4729:** An amendment to the Riverside County Zoning **Ordinance No. 348** to add four new Zoning Classifications that implement the General Plan: Wine Country - Winery; Wine Country - Winery Existing; Wine Country - Residential; and Wine Country - Equestrian.
- 3. Replacement of the existing Citrus Vineyard Policy Area Design Guidelines with the Temecula Valley Wine Country Design Guidelines.**

Project Location: The project site is generally located in the Southwest Area Plan in Western Riverside County, approximately three miles north of the border with San Diego County. The project covers approximately 18,990 acres of land located east of the City of Temecula, south of Lake Skinner, and northwest of Vail Lake. This area contains some of Riverside County’s prime agriculture lands within the Temecula Valley.

Potentially Significant Environmental Impacts: The Notice of Preparation (NOP) determined that several issue areas may have significant effects on the environment, and therefore, are

discussed in the DEIR. Impacts related to the following issues were preliminarily found to be potentially significant in the DEIR:

- Agricultural Resources
- Noise
- Fire Protection Services
- Libraries
- Air Quality
- Greenhouse Gas Emissions
- Traffic
- Growth-inducing Impacts
- Cumulative

As a result, adoption of a Statement of Overriding Considerations will be required pursuant to CEQA in order for the project to be approved.

Listed Toxic Site: The project site contains one listed toxic site enumerated under Government Code Section 65962.5. Based on the California Environmental Protection Agency's Hazardous Waste and Substances Sites (Cortese) List, there is one hazardous material site within the Project area (refer to DEIR Exhibit 4.8-1, *Hazards Material Site*). The Temecula Bomb Target #107 is a 160-acre property acquired by the Navy before October 1945 which was used as a bombing target for rocket firing.
