Re: Draft EIR No. 524 (Temecula Valley Wine Country Community Plan)

Dear Ms. Cooper,

On December 19, 2011, the City of Fontana Planning Division received information regarding the Draft Environmental Impact Report (DEIR) for the Temecula Valley Wine Country Community Plan, which proposes an update of existing policies and maps within the Southwest Area Plan. The project area is generally located in the Southwest Area Plan in Western Riverside County, approximately three (3) miles north of the border with San Diego County. The public review period began on December 5, 2011, through February 2, 2012. At this time, the City has no comments or concerns. Thank you for allowing the City of Fontana to participate in the public review process.
